

SABSLeisure

Used by thousands of travel professionals throughout the UK & Ireland, SABSLeisure is the market's leading travel agency booking tool.

"With so much competition in our industry it is vital for my staff to have fast and accurate information at their fingertips, SABS provides that information time after time, increasing their productivity, and our ability to provide our customers with accurate and competitive price comparisons in order to win their business."

Trevor Beckford, Colbacks Travel

A new unique approach to selling; SABSLeisure carries out multiple product searches from one search form. Search for accommodation, car hire, taxi transfers, scheduled flights, charter flights, low cost flights and package holidays simultaneously.

Whatever the geographical market, SABSLeisure can integrate with local suppliers to meet local agency and traveller needs.

SABSLeisure offers cross-selling opportunities to maximise profit from any PC in the world with Internet access. Run remote call centres, visit clients at home or at their place of work.
