

A website in a box – SABSWeb offers your agency a high quality, fully hosted and self maintainable website without the expense of a web developer.

“Immensely powerful, easy to use and effective – all this for such a small outlay is every travel agent’s dream....”

Diarmuid Coughlan, Hyho.ie

SABSWeb allows you to design your own website from a selection of templates. Load your own content, images and logos and create a striking website, all without the need of a web developer.

SABSWeb supports Google analytics as well as full search-engine-optimisation to improve the online presence of your agency.
